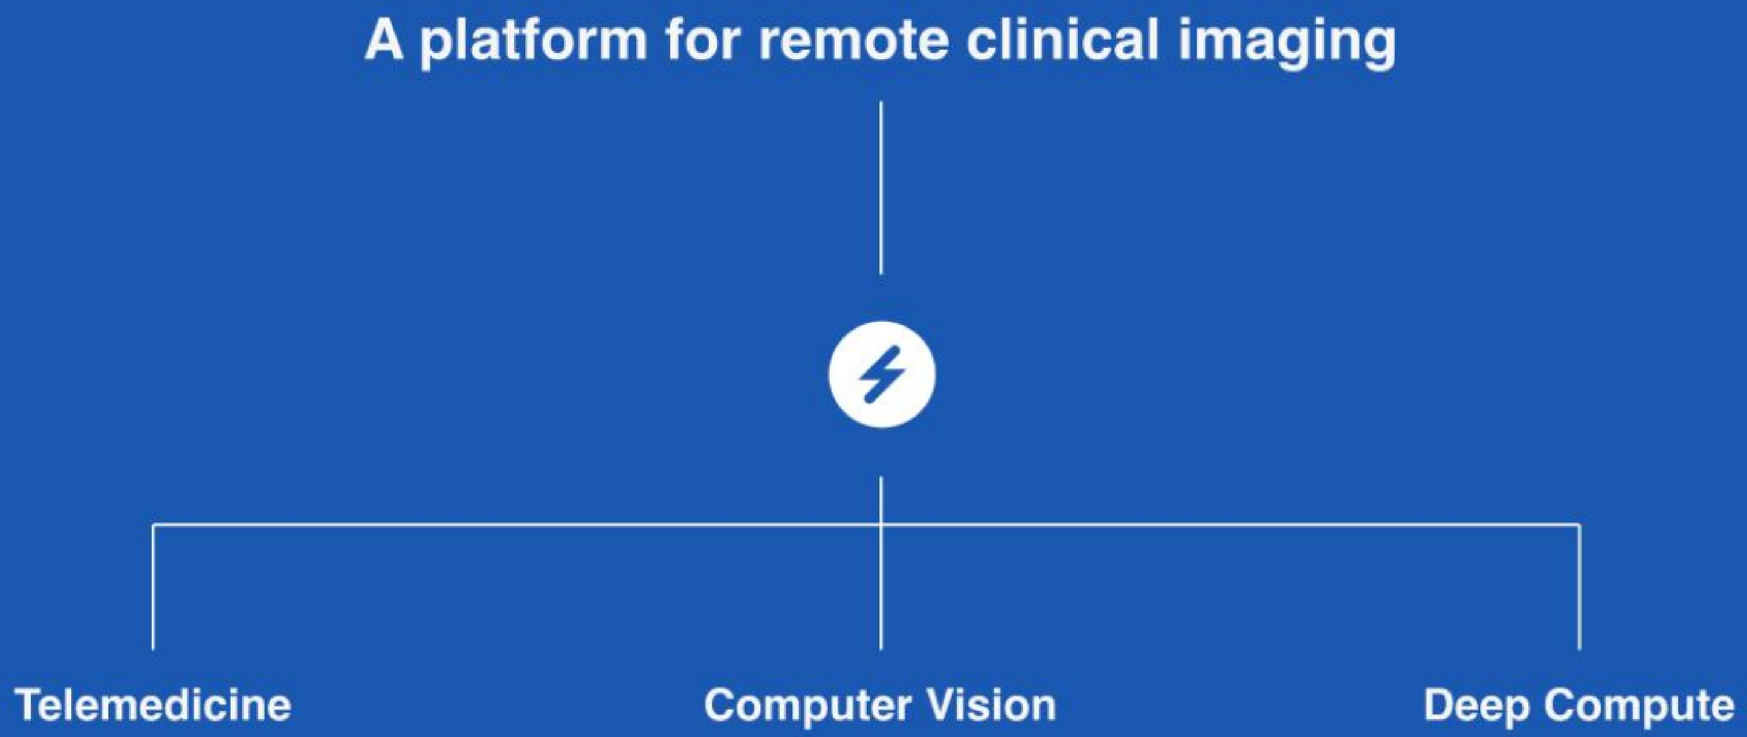
STRICTLY CONFIDENTIAL

SWIFT

Research-grade clinical imaging at any bedside



A platform for remote clinical imaging
Telemedicine
Computer Vision
Deep Compute

Swift is the world's leading AI-powered wound care management platform, building a category-defining company in a greenfield $20B global market.

Chronic wounds are a hidden crisis.

Poor Clinical Outcomes

40%

of all wounds are treated improperly

Very High Prevalence

30%

of all licensed beds in the US have wounds

Soaring Medical Spend

$96B

spent on wounds for Medicare in US

Well-meaning clinicians at every bedside

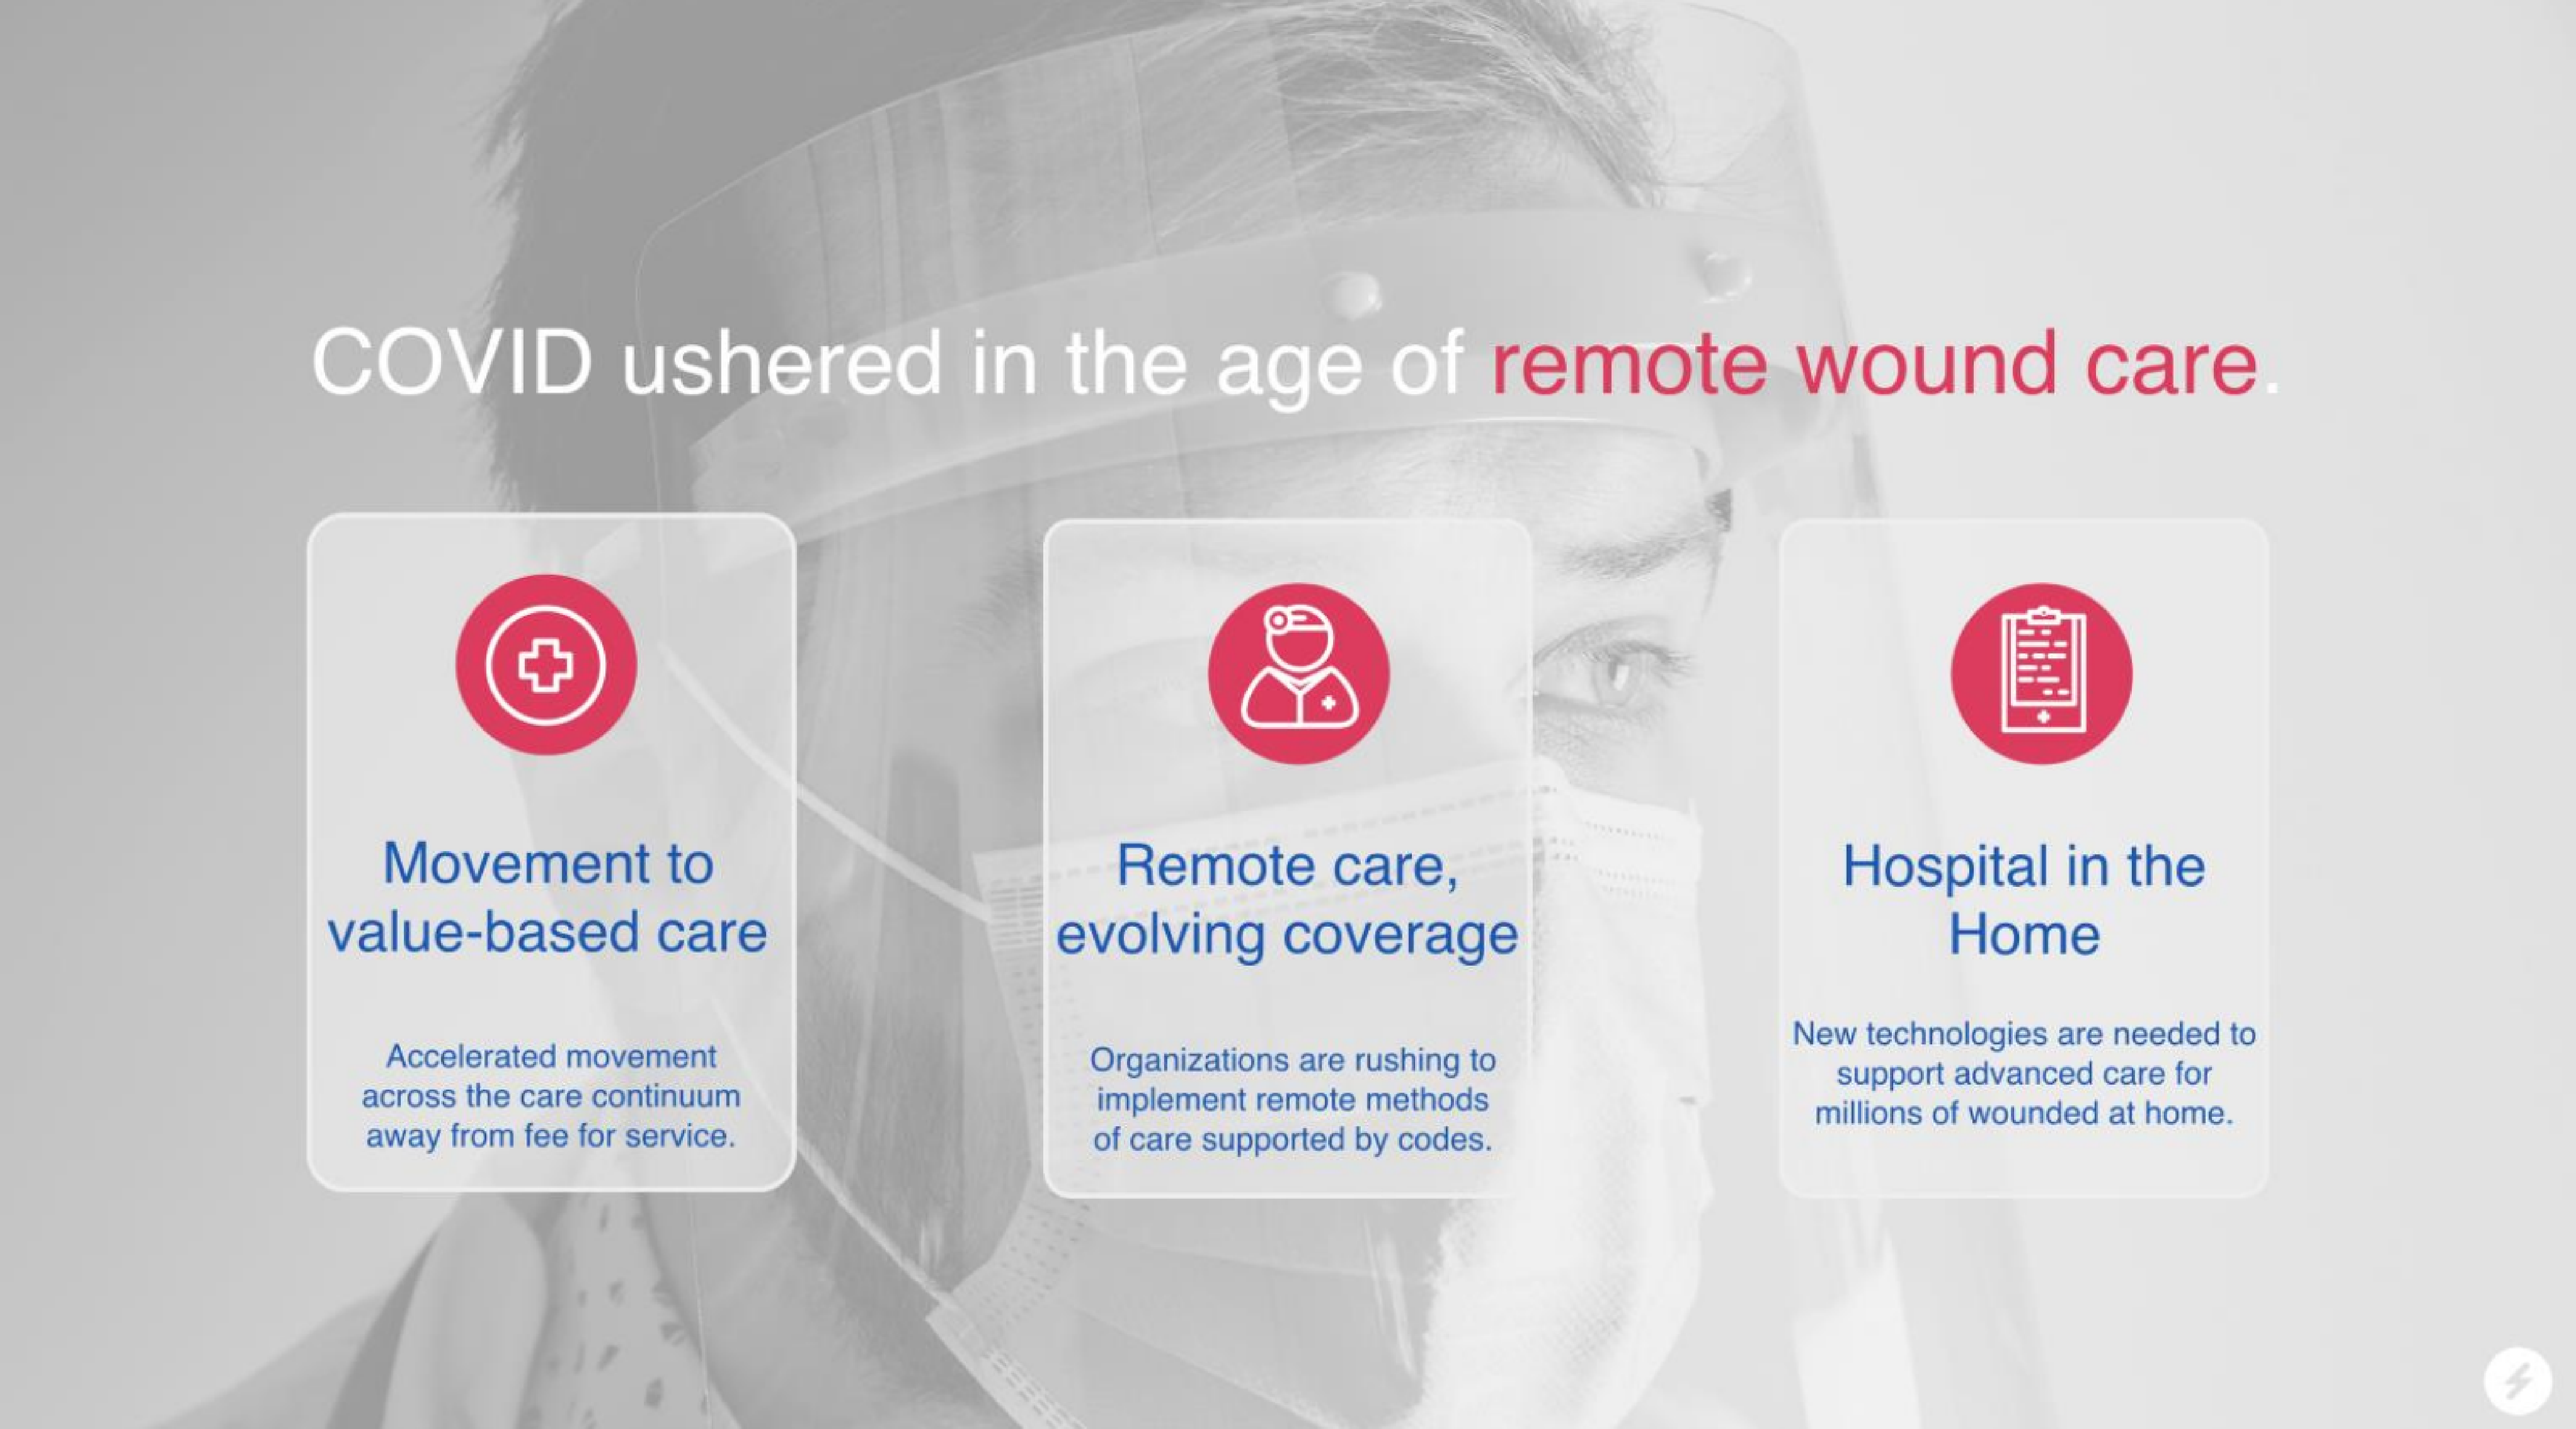
Making high-quality wound care difficult
in every care setting across the continuum.

Primary Care

Hospital Care

Home and Community Care

Long-Term Care



COVID ushered in the age of remote wound care.

Movement to value-based care

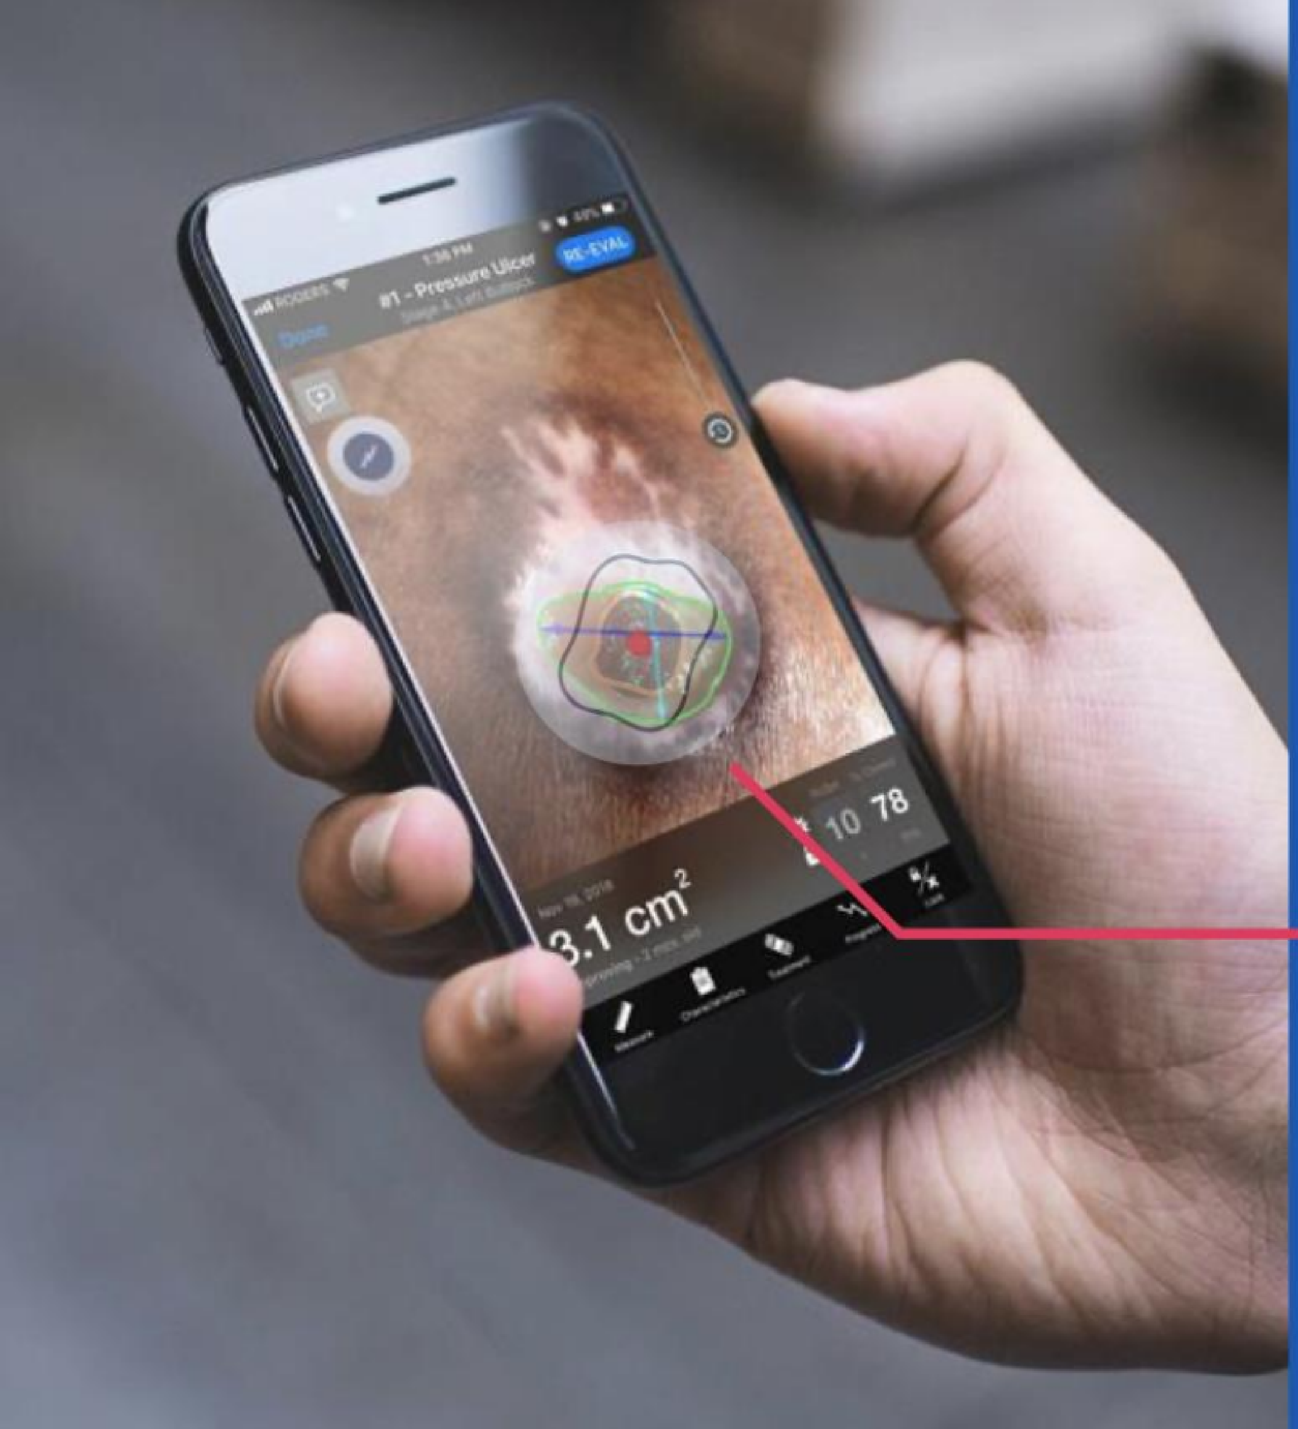
Accelerated movement across the care continuum away from fee for service.

Remote care, evolving coverage

Organizations are rushing to implement remote methods of care supported by codes.

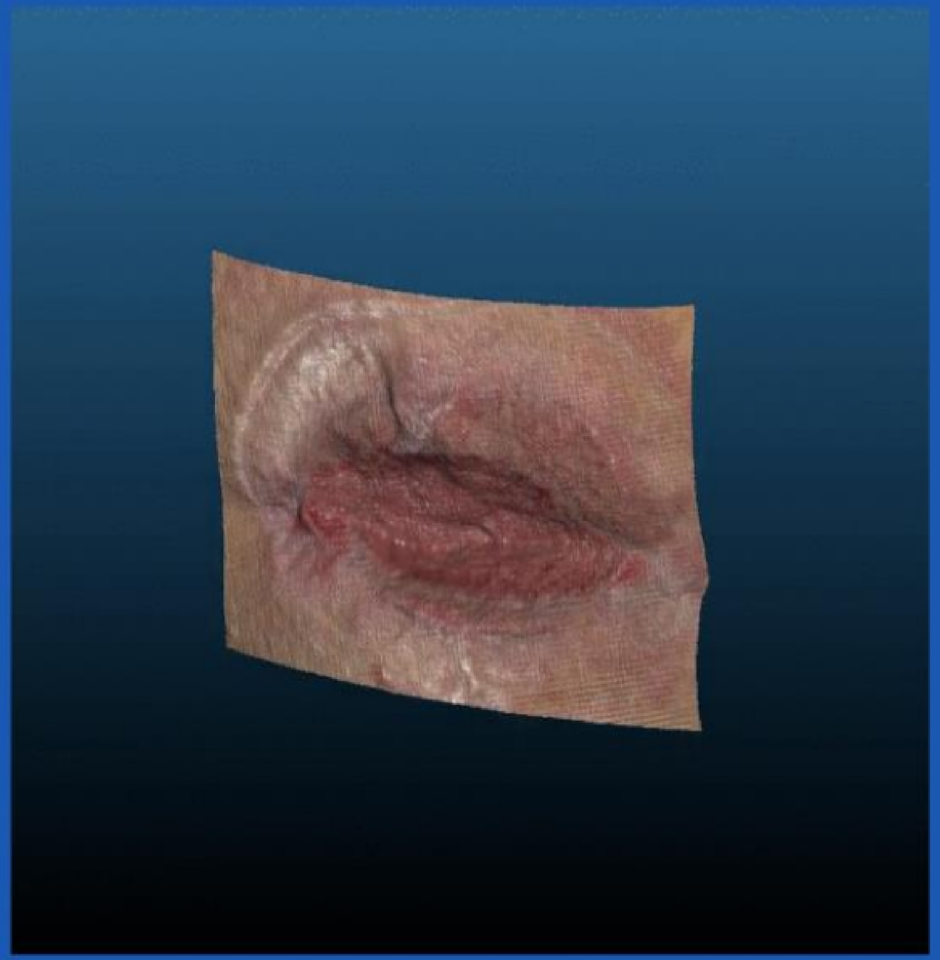
Hospital in the Home

New technologies are needed to support advanced care for millions of wounded at home.

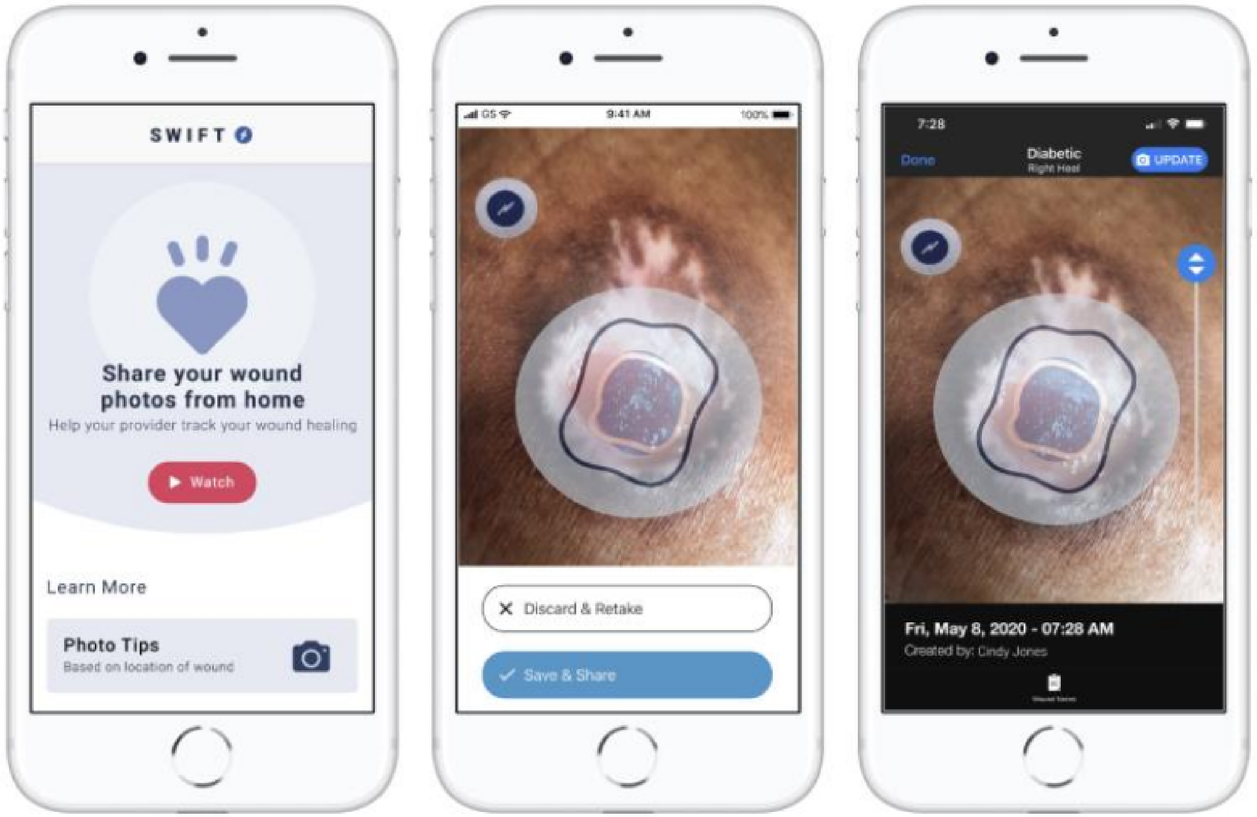


Swift is built to support the new paradigm of remote care.

Best-practice wound management across the care continuum from the hospital to the home



Enabling 3D imaging and analysis on any smartphone with no special attachments

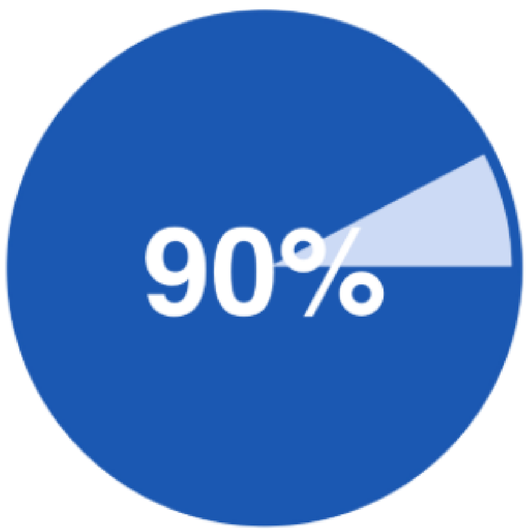


… and empowering patients to take clinic-grade images in their own homes.

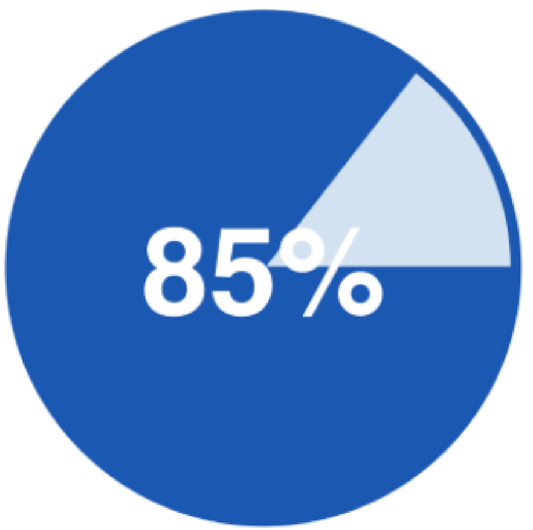
Advanced insights and clinical intelligence drive preventive and personalized remote care.

Our secret is empathy, powered by AI.

“Intuitive and easy to use”



“Easily track healing”



“Faster and more confident care decisions”

Proven ROI and superior clinical outcomes set us apart.

77%

DECREASE IN PREVALENCE

20%

REDUCTION IN HOME VISITS

7%

REDUCTION IN HOSPITALIZATIONS

We began with a mission to improve patients lives and attracted the biggest names in healthcare.
