The screenshot shows a chat window with a dark sidebar on the left containing a list of items, with 'obie' highlighted in a teal bar. The main chat area has a header for 'Obie' with a green active indicator and '@obie'. A message from 'James Tally' at 7:38PM asks 'How do I deploy my changes to production?'. A response from 'Obie' at 7:38PM says 'Here's what I found:' and includes a link to a Confluence page titled 'Production Deploy Process'. The link text reads: 'We have 2 environments: Staging and Production. Development and testing occurs on your local machine and your own branch. Once the features have been implemented and tested locally, they are pushed to your branch and then [Show more...](#)'. Below the link are thumbs up and thumbs down icons. At the bottom of the chat area is a 'Submit An Answer' button. A text input field at the very bottom contains '+ Thanks, Obie!'.
