

Quantexa Overview

The Right Data. The Right Decisions.

April 2023

Quantexa®

Quantexa has enabled us to work with our customers in areas like supply chain resilience. [HSBC] now has the data to understand where our customers may face threats, but also where there are opportunities in supply chains to streamline, build resilience and transparency.”

Barry O’Byrne
CEO, Global Commercial Banking

Quantexa is a Global Leader in Decision Intelligence Solutions

The Platform to Transform Your Decision-Making

An open and modular enterprise platform for outcome-driven solutions

A Single Place to Get Joined Up, Reusable Data for Any Business Problem

Unified, trusted data foundation

Data Management

Provide an operational view of client.
Allow Data stewards to manage and update the enterprise-wide single view for feeding into down stream systems.

Customer Intelligence

Build a 360 ° view of customers, prospects and relationships to drive more effective prospecting, personalized customer engagement, targeted cross-sell and upsell and improve customer retention

KYC

Leverage a rich single client view to automatically facilitate a contextual, perpetual and realistic understanding of risk throughout the customer relationship.

Financial Crime

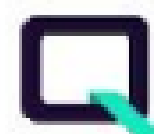

Consolidated enriched intelligence and specific risk identification for the purpose of building a complete picture of a customer's behavior across their transactional activity (AML)

Fraud

Build a risk-based alerting model of potential customer accounts possibly committing first-party credit/bust-out/application fraud.

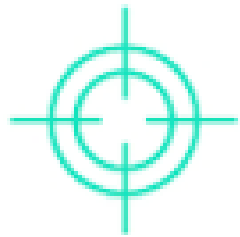

Risk

Leverage broader data within the credit risk decisioning processes and identify credit distress within your customer base in time to respond

What Makes Our Platform Different

Accurate

- **99%** matching accuracy for single views
- **20%** proven de-duplication of records
- Over **75%** reduction in false positive alerts

Fast

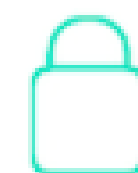

- Accelerate deployment & time to value with low-code, schema free data ingestion
- Scale up to **60 billion** records
- Reduce analysis time from weeks to hours

Open

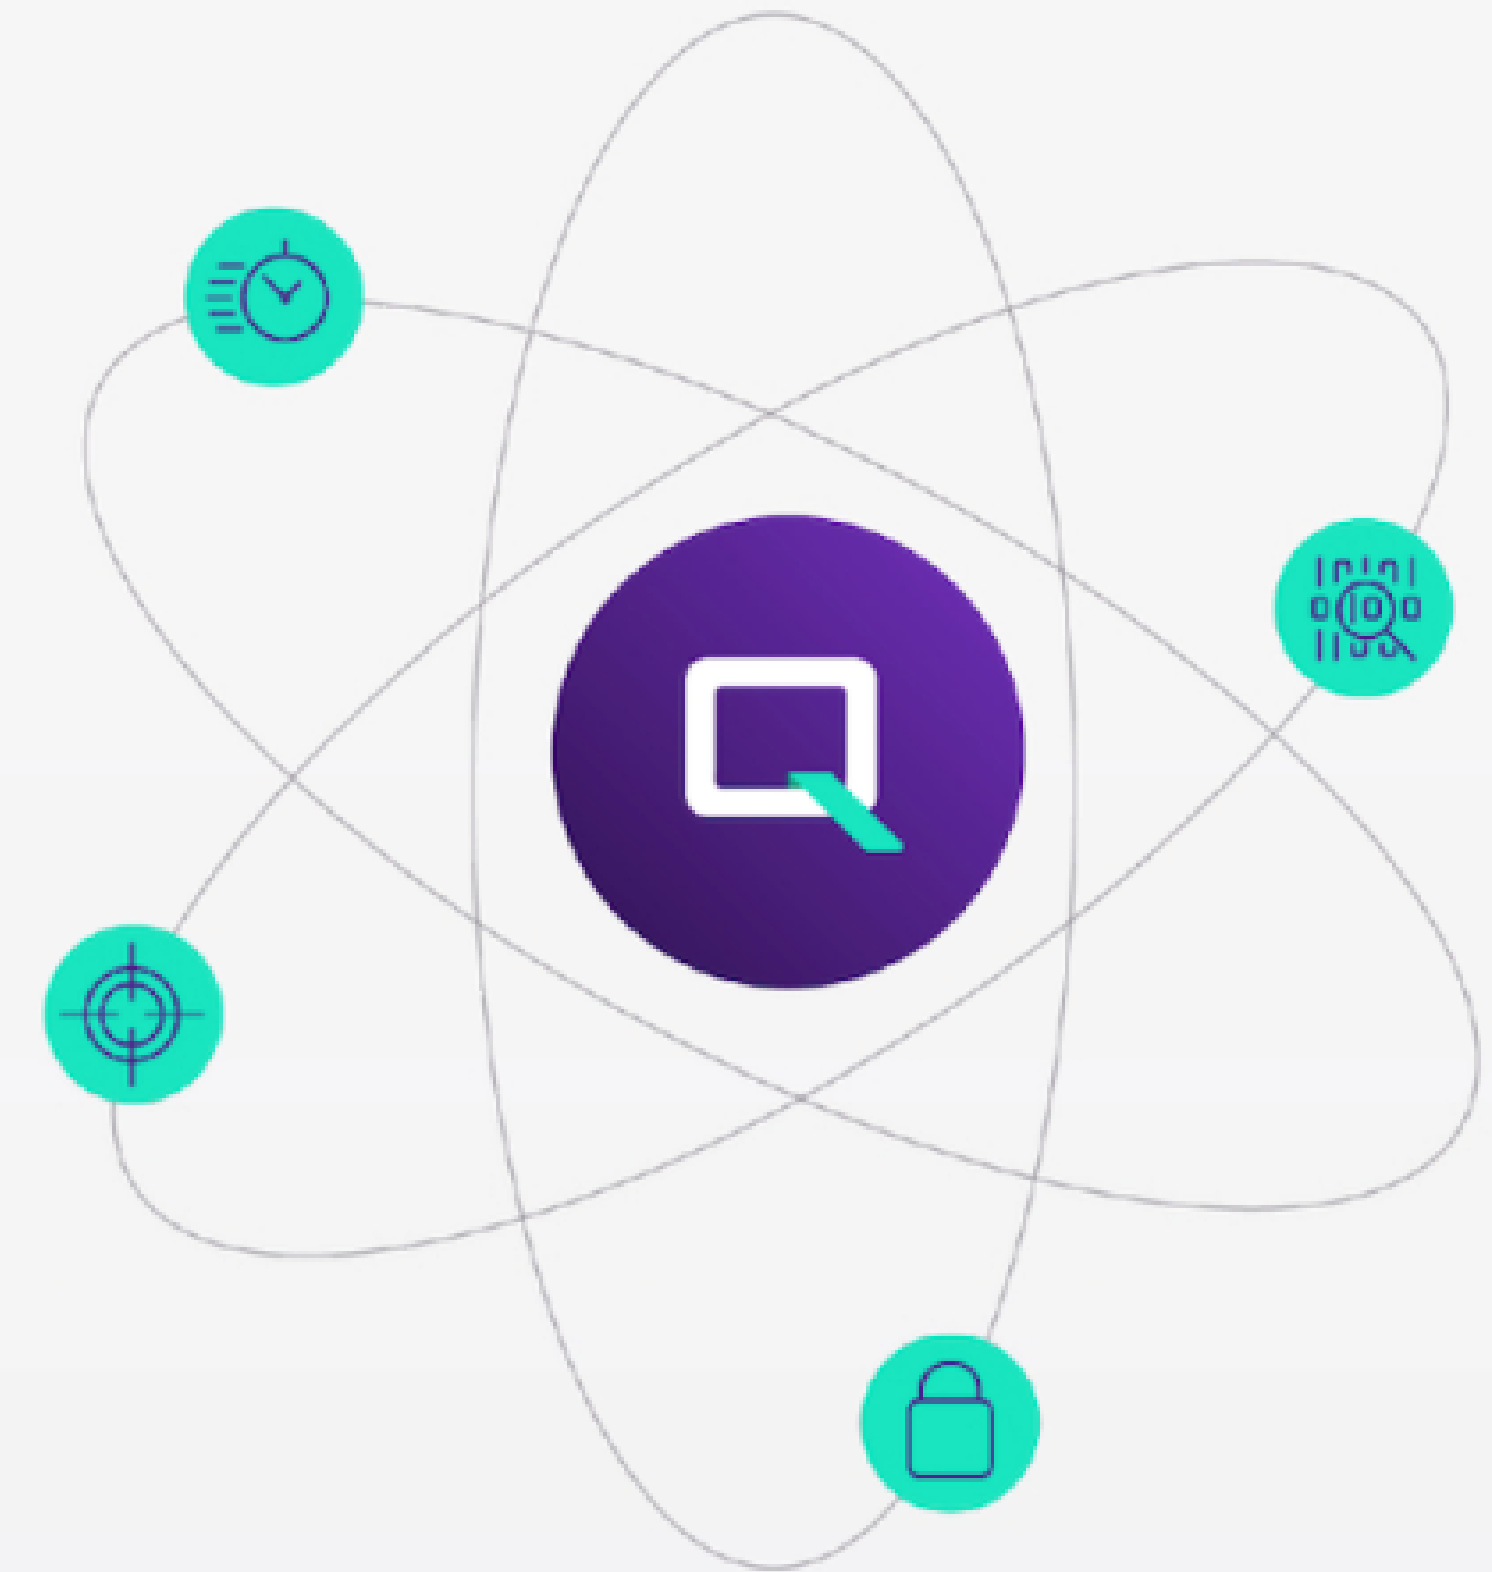

- Easy-to-integrate into your existing tech stack
- Flexible, modular platform easily configured into your operations
- Extensible with multiple views & use cases

Secure

- Advanced permissioning and role-based data access
- White-box Machine Learning models
- Transparent scoring and alerts

Enterprises and Government Agencies have deployed our Decision Intelligence Platform to **Unify Over 1 Trillion Siloed Data Records & Counting**

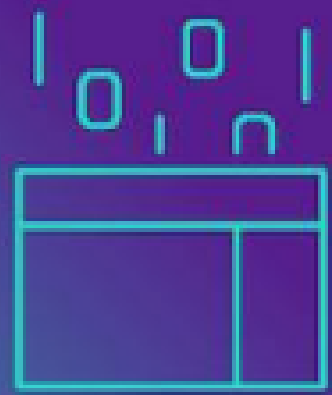

Our Innovation Is Being Recognized Around the Globe

Series E Fundraise Investment Strategy

Boost technology innovation efforts and strengthen its Decision Intelligence Platform capabilities in:

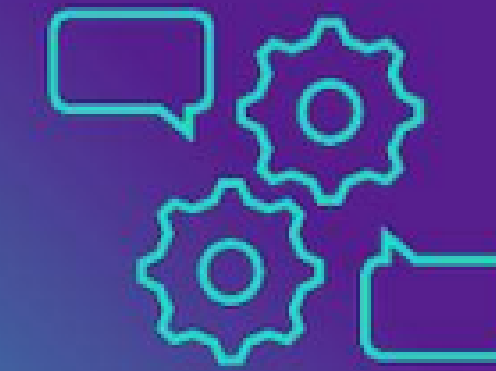

Low-code data
Fusion

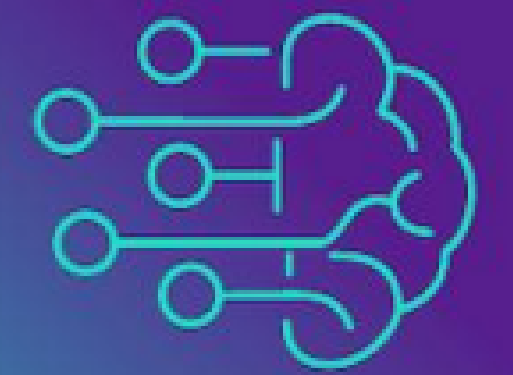

Graph
Analytics

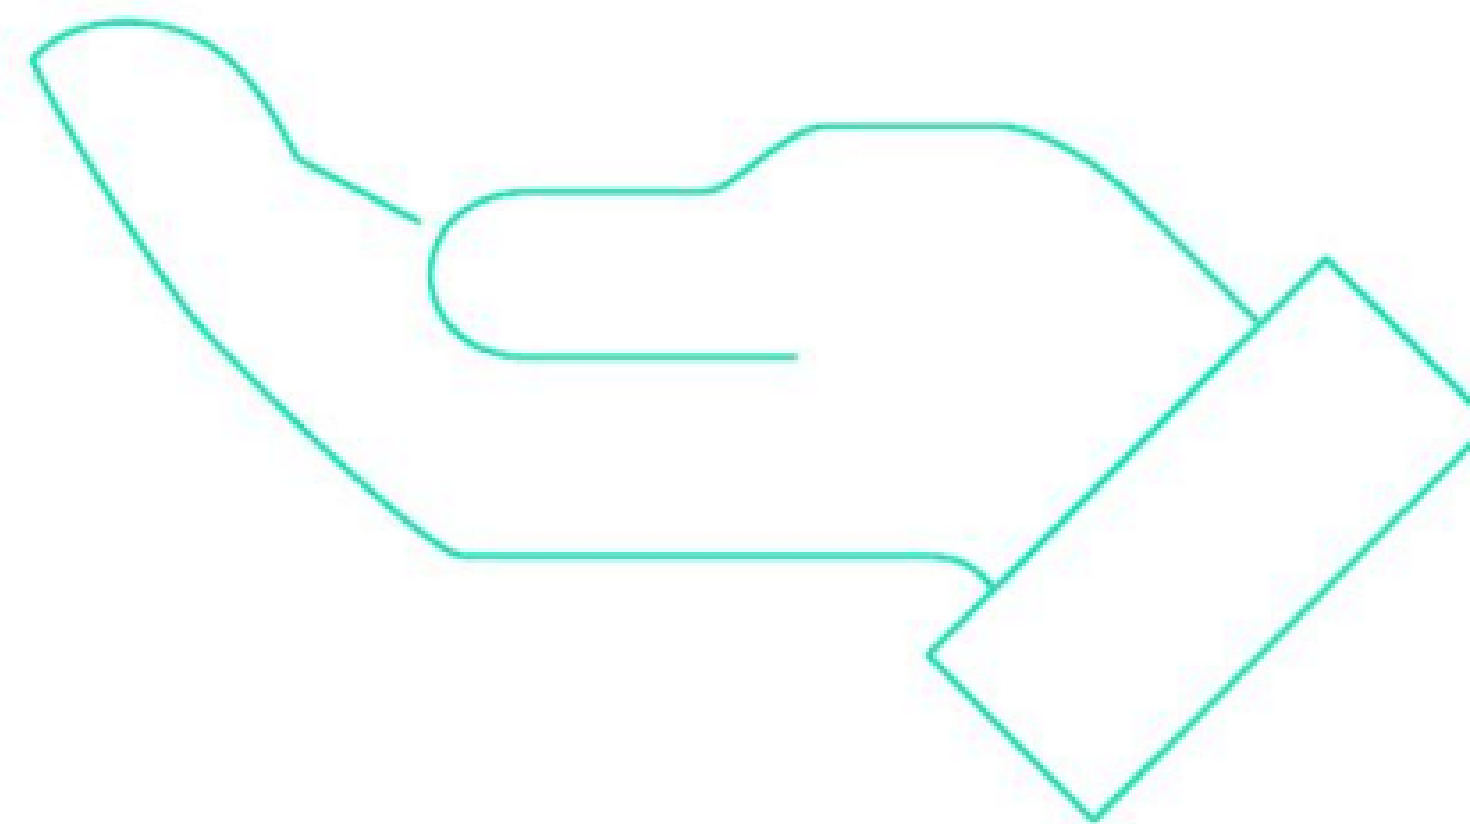

Machine
Learning (ML)

Natural Language
Processing (NLP)

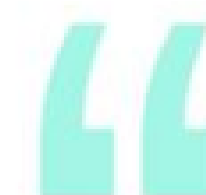

Artificial
Intelligence (AI)

...And accelerate joint
go-to-market efforts with
strategic partners

Thank you.

Quantexa's AI-powered platform enables BNY Mellon to have the data trust, transparency and explain-ability that is fundamental to financial services organizations. Quantexa provides us with an enterprise-ready option to handle data-at-scale. This is helping us meet our goal of improving digital resiliency and efficiency to provide our customers with simpler and smarter solutions."

Eric Hirschhorn
Chief Data Officer
